

Lawrence Academy

Lawrence Academy is a welcoming community that recognizes all individuals for who they are and inspires them to take responsibility for who they want to become. We acknowledge that in order to do this well, we must create space for all students to be heard, seen and cared for and to be fully recognized both as themselves and as members of the LA community.

Lawrence Academy Mentorship Program (L.A.M.P.) is designed as a tool to provide support for students who self-identify as underrepresented and have expressed interest in receiving additional support. Students will meet with all L.A.M.P. participants on a monthly basis for the purpose of fostering experiences as a means of celebrating diversity in addition to hearing from alumni who have been in their shoes.

LAMP evokes our school motto: *Omnibus Lucet*. This effort is designed to assure that Lawrence Academy's light truly shines for all. Your child is cordially invited to participate in the program.

Please contact [Raquel Majeski, Dean of Equity and Community Affairs](#) for more information.
